Family Take-Home Handout: 10-Minute Readiness Play

Friendly, jargon-free handout for open house, orientation, or Friday folders.

Dear Families,

You do not need flashcards or long worksheets to prepare your child for kindergarten. Ten relaxed minutes of talking, reading, and playing together each day builds the exact skills teachers love to see!

4 Simple Ways to Practice This Week

[ ] Read aloud for 10 minutes and talk about what might happen next in the pictures.

[ ] Practice everyday independence: zipping coats, opening lunch containers, and washing hands.

[ ] Count snacks, stairs, or socks together while pointing to one item at a time.

[ ] Build finger strength with playdough, short crayons, or child-safe blunt scissors.
